

## SELF-EVALUATION LIST FOR "GETTING UNSTUCK"

<b>Strategy</b>	<b>Got "unstuck" when I:</b>
Looked for a pattern.	
Made a prediction and then checked prediction later.	
Drew a diagram.	
Made a model.	
Used a simpler example of the problem.	
Worked backwards.	
Made a list or a table.	
Constructed a graph.	
Broke the problem into smaller parts.	
Wrote and solved a number sentence.	
Developed an algebraic expression.	
Used logic.	
Acted out the problem.	
Some other way.
